Swisscanto Funds Centre Limited

## EVENT TYPE

Team-Building Event

## EVENT OBJECTIVES

Every year we organise a two day leadership workshop which in previous years we held in London. This was the first year that we organised the event on a Saturday so everyone could be together. My remit was a luxury hotel that was accessible by the M25.

## EVENT EXECUTION

The morning was classroom based and we were made to feel very welcome by the team. Lunch was enjoyed by everyone and we then all had a great afternoon in the beautiful grounds experiencing team building activities organised by Pete Lee. We held the evening dinner in the private dining Sitting Room and again were very well looked after.

## EVENT RESULTS

The event was thoroughly enjoyed by everyone. We were very lucky with the weather so were able to make the most of the beautiful hotel and grounds.
